LONE STARtm Chevre (Fresh Goat Cheese)

Chevre - (Shev-reh) - [French for Goat]

“*Fresh Goat Cheese*” - Made with 100% fresh goat’s milk. A true artisan goat cheese made faithful to the traditional methods of the cheese makers of old.

LONE STARtm Chevre is made with no preservatives, stabilizers, or artificial ingredients. This method results in a fresh, mild, creamy “fresh” cheese.

LONE STARtm Chevre can be substituted for cream cheese and contains half the fat, calories, and cholesterol of cream cheese. Use for your favorite dips, hor d’oeuvres, and sauces. Crumble on salads or serve alone with crackers. Spread

LONE STARtm Chevre with pesto on a loaf of bread and bake in the oven to release the olive oil in the pesto. A tasty treat to mix with pasta to create an authentic Italian-style dish.
